

Pathway Planning and Regoaling Team Activity

This team activity will help you and your team members navigate the roadblocks that can occur on the path to success. Before you begin, make sure to complete the Removing Roadblocks Learning Moment.

You can begin the activity by first explaining the instructions to your team members. Then, using flipcharts or a whiteboard, map out each section of the table below. During the activity you can populate this table with responses from your team.

Instructions:

1. With your team, identify a key project or goal you are aiming to achieve in the coming few weeks. Make sure you are clear on the outcomes you want to achieve and how these connect to Myer's key priorities and strategy.
2. Once you have agreed on a project, work with your team to brainstorm a list of all the potential obstacles. To help you do this, you can ask your team to recall similar projects they have completed.
3. After identifying the obstacles that your team may face, ask them to prioritize this list in terms of how likely they are to occur. For the top 3 obstacles that were rated most likely to occur, brainstorm potential strategies and actions that could be taken to navigate past the roadblock.
4. The final step is to decide on who will be responsible for enacting each strategy, and to set a date to check in on progress towards the goal.

OUR GOAL	TOP 5 ROADBLOCKS	OUR STRATEGIES
Description:	1.	1.
	2.	2.
	3.	3.
	4.	4.
	5.	5.
